

**NW4860-595 PT-9 Underwater Locator Beacon (For battery only, see NW4860-593 PT9 Beacon Battery Kit)****Manufacturer**

Netwave System B.V., Blauw-roodlaan 100, 2718 SJ Zoetermeer, The Netherlands

Contact: +31 (0)881181500

**Product Description**

The product is an emergency Underwater Locator Beacon powered by a Lithium battery. Inside this product there is one primary (non-rechargeable Lithium-Thionyl chloride) cell. The cell has its own plastic casing and incorporates physical and electrical short-circuit protection.

**Use Information**

The battery in this product has a limited-service life: see label for expiry date.

The product contains no user-serviceable parts.

The product should only be disassembled by qualified service personnel.

**DO NOT ATTEMPT TO RECHARGE THE BATTERIES.**

**Hazardous Substances**

Under EC (European Chemical Agency (ECHA)) and US (Occupational Safety and Health Admin (OSHA)) legislation this product is classified as a manufactured article, which does not release, or otherwise result in exposure to a hazardous chemical under normal condition of use. This product is therefore exempted from the requirement of a dedicated Safety Data Sheet (SDS). The following information is considered as guidance and as courtesy:

The Lithium content of battery cell is less than 1 g.

Information from Tadiran Batteries concerning battery cell type LTN-065-26 with chemical system Lithium Metal. The battery cell may contain the following active ingredients, by CAS number and name:

CAS Number	Material or Ingredients
7439-93-2	Lithium Metal
7719-09-7	Thionyl Dichloride
7446-70-0	Aluminum Chloride
7440-44-0	Carbon
7447-41-8	Lithium Chloride
1333-86-4	Carbon
--	Steel, Nickel plated
--	Glass
Different	Organic polymers

No release or hazardous chemical will be exposed if the cells remain in their sealed and original condition. This information concerning ingredients is given in good faith and based on information from SAFT Batteries "Battery Information Sheet", Primary Li-SOCl<sub>2</sub> single cells and multi-cell battery packs.

Netwave Systems B.V. makes no warranty, either expressed or implied, with respect to this information.

This information is given in good faith, and is believed to be accurate at the date of preparation. Netwave Systems B.V. makes no warranty, either express or implied, with respect to this information, and disclaims all liability from reference on it.

**NW4860-595 PT-9 Underwater Locator Beacon (For battery only, see NW4860-593 PT9 Beacon Battery Kit)**

The Safety Data Sheet of the battery cell itself can be found on the website of the battery manufacturer.

**Transport Information**

Class:	Class 9
UN Number:	UN3091
UN Description:	Lithium Metal Batteries Contained in Equipment
IATA Packing Instruction for Air:	970 Section II
Packing Instruction for Road & Sea:	P903 Special provision 188
Net quantity Lithium content:	0.97 g

**Disposal Information**

This product should be disposed of in a sensible and considerate manner, and in accordance with local disposal regulations.

DO NOT INCINERATE.

DO NOT DISCARD IN DOMESTIC WASTE.

At the end of the product's useful life, it is vital that the battery cell be disconnected from the main unit to prevent false alarms. False alarms cause expensive disruption to Search and Rescue services and may endanger lives as a consequence.

Instructions on battery removal can be found in the product User Manual. This operation should only be performed by qualified service personnel.

**Green Passport: Ship Recycling Information**

When needed a dedicated Material Declaration (MD) document and Self Declaration of Conformity (SDoC) is available. The MD and SDoC are in conformity with the IMO Guidelines for the development of the inventory of Hazardous Material Resolution MEPC.269(68) Adopted on 15. May 2015.
